

House Bill 12 Postpartum Medicaid and CHIP Coverage Extension

As part of House Bill 12 (HB 12) passed during the 88th legislative session, the Texas Health and Human Services Commission (HHSC) extended its postpartum Medicaid coverage from two to 12 months for eligible women, effective March 1, 2024.

HHSC is also providing 12 months of postpartum CHIP (Children's Health Insurance Program) coverage. The 12 months of postpartum coverage begins the month after a pregnancy has ended.

Eligible Recipients

Effective March 1, 2024, eligible recipients include:

- Medicaid or CHIP recipients who are pregnant or become pregnant and women who enroll because they become pregnant.
 - CHIP Perinatal (CHIP-P) recipients are not eligible for 12 months of postpartum coverage. They'll continue to receive CHIP-P coverage through the end of the month when their pregnancy ends plus two postpartum visits.
- Medicaid or CHIP recipients who were enrolled while pregnant or are no longer pregnant but are still within their 12-month postpartum period.
 - Women who transitioned from Medicaid or CHIP to Healthy Texas Women (HTW) after their pregnancy ended and who are within their 12 months postpartum period will be reinstated to full coverage Medicaid or CHIP.
- Women who received services while pregnant in Texas that would have been covered by Medicaid but who apply for Medicaid after their pregnancy ends. Medicaid applicants with unpaid medical bills can apply for coverage for up to three months before their application month. This doesn't apply to CHIP applicants.

Coverage

Medicaid and CHIP recipients don't need to apply to have their coverage extended.

Coverage will be reinstated for the remainder of the 12-month postpartum period for women who are not current Medicaid or CHIP recipients but who were enrolled in Medicaid or CHIP in Texas while pregnant and are still within their 12-month postpartum period (if they are still residents of Texas). They'll get a notice by mail or through their Your Texas Benefits account.

Medicaid or CHIP covered services remain available in the 12-month postpartum period. This includes but is not limited to:

- Regular medical checkups.
- Prescription drugs and vaccines.
- Hospital care and services.
- X-rays and lab tests.
- Vision and hearing care.
- Access to medical specialists and mental health care.
- Treatment of special health needs and preexisting conditions.

Exceptions to Eligibility

Eligible Medicaid and CHIP recipients will receive the extended coverage through their postpartum period unless they:

- Voluntarily withdraw.
- Move out of Texas.
- Are determined ineligible because of fraud, abuse or perjury.
- Die.
